OVERSIZED VEHICLES (wider than 2.6m and/or taller than 4.4m)

Dear exhibitors,

Due to massive construction work going on in the city of Brno, including the areas surrounding the Brno Exhibition Centre, we are hereby sending you information regarding the special transport regime for oversized vehicles directed to the TECHAGRO, SILVA REGINA and BIOMASA events.

Oversized vehicles will only be able to approach the Brno Exhibition Centre via exits from motorway D1. Everything is described in detail below, including a map, exact times, coordinates and contacts.

You can make the whole situation a lot easier by reporting in advance your vehicle's registration plates, the day, and ideally also the time of arrival and departure of your oversized vehicle to the following e-mail: yvankova@bvvcz. We fully understand, however, that this may not always be possible.

The phone number to be used by the driver of the oversized vehicle to report their arrival or in case of emergency is: +420 737 241 950

Please pay close attention to the "Instructions for Exhibitors" on pages 5 and 7, where you will find additional important information for a smooth assembly and dismantling of the expo. The Instructions for Exhibitors can be found attached to this e-mail.
